Subject: Grand River Restoration (Grand Rapids) - Question about agency correspondence

Bethany and Amy,

I attended USACE's public scoping meeting in Grand Rapids on April 8th for their proposed Grand River Restoration project. I talked to several agency staff, and was asking both DNR and DEQ folks if the agencies were planning to formally comment on the project during USACE's scoping comment period. Luke Trumble told me that you two had a meeting planned the next day (April 9) to discuss whether or not you'd be sending a comment letter. I'm writing to follow-up to see if a letter went out or is planned to go out.

Amy, it was great to see you two weeks ago!

Happy Monday and thanks in advance,
Liz
